

**Township of South Brunswick**  
**Executive Order 2021-01**

WHEREAS, the Omicron variant of COVID-19 has a very high rate of transmission through populations; and

WHEREAS, cases of confirmed Omicron related COVID-19 infection are rising nationwide and in particular through New Jersey and Middlesex County; and

WHEREAS, the Township of South Brunswick seeks to take action to mitigate and combat the spread of COVID-19 and its variants; and

WHEREAS, the Township of South Brunswick wishes to accomplish said mitigation without negatively impacting businesses and residents in their daily lives; and

WHEREAS, there are known effective ways of combating the spread of COVID-19 and its variants;

WHEREAS, this Executive Order is being put in place to mitigate the burden being placed on the healthcare system as the rise in COVID cases hinders the ability to attend to the many emergent Non-COVID patients in need of services at our areas healthcare institutions.
