

Sec. 94-93. - Improper disposal.

- (a) The spilling, dumping, or disposal of materials other than stormwater to the municipal separate storm sewer system operated by the township is prohibited. The spilling, dumping, or disposal of materials other than stormwater in such a manner as to cause the discharge of pollutants to the municipal separate storm sewer system is also prohibited.
- (b) Exceptions shall include:
- (1) Water line flushing and discharges from potable water sources;
 - (2) Uncontaminated groundwater (e.g., infiltration, crawlspace or basement sump pumps, foundation or footing drains, rising ground waters);
 - (3) Air conditioning condensate (excluding contact and noncontact cooling water);
 - (4) Irrigation water (including landscape and lawn watering runoff);
 - (5) Flows from springs, riparian habitats and wetlands, water reservoir discharges and diverted stream flows;
 - (6) Residential car washing water, and residential swimming pool discharges;
 - (7) Sidewalk, driveway and streetwash water;
 - (8) Flows from firefighting activities;
 - (9) Flows from rinsing of the following equipment in clean water (limited to exterior, undercarriage and exposed parts and not engines or other enclosed machinery):
 - a. Beach maintenance equipment immediately following their use for their intended purposes;
 - b. Equipment used in the application of salt and deicing materials immediately following the salt and deicing material applications. Prior to rinsing with clean water, all residual salt and deicing materials must be removed from equipment and vehicles to the maximum extent practicable using dry cleaning methods (e.g., shoveling and sweeping). Recovered materials are to be returned to storage for reuse or properly discarded.
- (c) No person shall discharge or cause to be discharged through an illicit connection to the municipal separate storm sewer system operated by the township any domestic sewage, noncontact cooling water, processed wastewater, or other industrial waste (other than stormwater).
