

Sec. 94-87. - Construction or demolition activities; deposits from vehicles.

- (a) *Litter, refuse, rubbish or debris from construction or demolition activities.* No person shall permit land to be covered with or contain refuse or debris from any source whatsoever for more than five days. Construction sites shall be required to provide an appropriate container to hold such items of debris. This material shall not be allowed to be piled, stored, deposited or thrown on the ground for more than 24 hours.
- (b) *Litter from trucks, collection vehicles or containers.* Any litter, refuse or other materials collected or transported within the township which shall spill or fall while being loaded, conveyed, transported or carried in any truck, container or other collection vehicle and any mud, litter, refuse or other material which may be spilled or tracked by tires or fall from the underbody of any truck, container or collection vehicle upon any public way within the township shall be immediately removed and broom cleaned so as to leave the street and adjacent areas in a clean condition.
